CITY OF WEST DES MOINES
CITY COUNCIL MEETING COMMUNICATION

Date: June 11, 2018

ITEM: Majestic Oaks Plat 1, Northwest corner of Stagecoach Drive and S 95th Street – Plat property into 16 single family lots, 16 outlots, and 2 public street lots – Majestic Land Company. – FP-003576-2017

RESOLUTION: Acceptance of Surety in Lieu of Public Improvements, Approval and Acceptance of Easements and Agreements, and Approval and Release of Final Plat

FINANCIAL IMPACT: Undetermined.

BACKGROUND: The applicant, Majestic Land Company, represented by Shane Devick of Civil Engineering Consultants, is requesting approval of a Final Plat for approximately 17.05 acres located at Northwest corner of Stagecoach Drive and S 95th Street. The applicant proposes to subdivide the property into 16 single family lots, 16 outlots, and 2 public street lots.

CITY COUNCIL SUBCOMMITTEE: This project was presented to the Development and Planning City Council Subcommittee on August 7, 2017. The Subcommittee also met on December 11, 2017 to discuss allowing utilities to be placed in the front yard because of the location of the floodplain and steep grades. The Subcommittee expressed support of the development on both occasion.

OUTSTANDING ISSUES: There are no outstanding issues. Staff would note the following items of interest:

- *Public Utility Easements*: The final plat identifies public utility easements (PUE's) in the front yard of lots 1-17. City Code requires that PUE's be located in the rear or side yards. The PUE's in front of lots 1-17 are required due to the location of the floodplain and/or steep grade in the rear yards of those lots. In discussions with MidAmerican Energy, for safety and access reasons, it is preferred that underground electric lines not be installed within a floodplain or a steep hillside. Due to these reasons, the applicant is requesting the PUE's be allowed in the front yard of the above specified lots. City Staff has reviewed this request and supports granting a waiver of the code requirement. A condition of approval is recommended allowing this waiver from City Code.
- Staff would also note that as part of this approval, the Council is approving and accepting the following:
  - A deed for Lot(s) Lots A and B to be dedicated as public street right(s)-of-way;
  - Legal documents to establish public easements for storm sewers, sanitary sewers, and ingress/egress;
  - Surety in lieu of public improvements associated with the construction of Storm Sewer, Sanitary Sewer, including all appurtenances associated with said improvements;
  - Surety in lieu of the construction of public sidewalks required of the development
  - Surety for the installation of landscape buffers required of the development

COMPREHENSIVE PLAN CONSISTENCY: The project has been reviewed for consistency with the Comprehensive Plan. Based upon that review, a finding has been made that the proposed project is consistent with the Comprehensive Plan in that the project is consistent with all of the goals and policies of the Comprehensive Plan and the land use map of the Comprehensive Plan.

RECOMMENDATION: Based upon the preceding review and a finding of consistency with the goals and policies of the Comprehensive Plan, staff recommends the City Council approve Majestic Oaks Plat 1 Final Plat, subject to the applicant meeting all City Code requirements and the following conditions of approval:

1. The City Council granting the applicant a waiver from City Code to allow Public Utility Easements to be located in the front yard of lots 1-17.
