CITY OF WEST DES MOINES
CITY COUNCIL MEETING COMMUNICATION

ITEM: Public Hearing for the issuance of Not to Exceed $700,000 General Corporate Purpose (GCP-2) General Obligation Bonds or Capital Loan Notes

DATE: March 18, 2024

FINANCIAL IMPACT: Final debt service amounts (principal and interest) are not known, pending sale date and interest rate charged. Projected costs will most likely be included in the FY 2023-24 budget because it is expected that the bonds or notes will be sold, and proceeds received before June 30, 2024. Issuance proceeds and corresponding repayments are calculated to maintain the overall debt service (principal and interest) levy for FY 2023-24 and FY 2024-25 at $1.91/$1,000. The upcoming issuance will be structured to accommodate future annual borrowings to generate approximately $15.0 million of overall GO Bond proceeds available for projects each future fiscal year.

BACKGROUND: The public hearings contemplated on this agenda will allow the sale of not to exceed $15.3 million General Obligation Bonds or Capital Loan Notes to partially defray the costs of constructing several CIP projects included in prior, current, and future fiscal year budgets. The anticipated borrowings are separated into five (5) separate hearings and issuances to comply with rules associated with General Corporate Purpose (GCP) bonds and notes, which do not permit an individual issuance of greater than $700,000. Note that Essential Corporate Purpose bonds do not have such a limitation.

Analysis of future borrowing needs has been projected by the City's Financial Advisory Firm, Public Financial Management (PFM), using an assumption that in the future the borrowing limit will remain steady at approximately $15 million per year. Note that this recommended action is subject to reverse referendum. However, if no petition is received, will establish authorization for the City to receive bids on the sale of the bonds or notes any time after the certification of the FY 2024-25 budgets. A listing of all planned underlying Capital Improvement projects is attached.

OUTSTANDING ISSUES (if any): None
