BACKGROUND:

The Buildings & Site Improvements (Phase 2) portion of the West Public Services Facility consists of the Main Building, Fueling Facility, Cold-Storage Building, Salt Storage Building, Brine Mixing Facility, and Covered Bulk Materials Storage. The project is anticipated to be completed by September 28, 2020.

Change order #7 consists of increased pipe diameter for water main to the Brine Mixing Facility, additional underground brine piping for the Brine Mixing Facility, minor electrical modifications to accommodate Owner-provided furniture, and an additional partition wall with transom glass in the Administration Building. City Staff recommend approval of Change Order #7.

OUTSTANDING ISSUES: None.

RECOMMENDATION:

City Council Adopt:

- Motion Approving Change Order #7 for West Public Services Facility – Buildings & Site Improvements (Phase 2).

Lead Staff Member: Brian J. Hemesath, P.E., City Engineer

Re: West Des Moines Public Services Facility

Here is the pricing that you requested for PR 22

Install drywall wall and Header and sill

Materials	$ 993.00
Labor	$ 2,756.00
Add	$ 3,749.00

Note: With the kickers installed this will eliminate the deflection at the head of the wall. Deflection will have to be accounted in the Aluminum storefront framing system.

Should you have any questions, please call.

Sincerely,
Allied Construction Services, Inc.

Colton, On Elevation 34 for this partition wall it is not showing to receive cove base. If I am to assume this is an oversight and it is indeed to receive base it would be an Add of $150.00

Tug & Adam: If you could send me a number for your scopes of work that would be great.
Conor: I missed you the first go around. See attached. We need to price adding some vinyl base for this wall. Let me know as soon as you can.

Thanks,

Guys,
They've issued PR #22 which adds a metal stud wall with a storefront window in it. See attached. I need to get pricing from you for your cost impacts. Let me know if you have questions.

Thanks,

CHANGE ORDER

Project Name: WDM Public Service Facility
Date: 3/5/20
Project Contact: Colton Taylor
Estimator: Adam Parton

Change Order # 10

Change the work to be performed under the original contract as follow:

CONF 005 – The furniture supplier would like to use a hardwired connection for the conference table into the floor box rather than a plug/outlet connection at the floor box. Can you review with Kline Elect to see if a hardwire connection instead of an outlet would be possible with the current floor box?
Material $98.00
Labor $none since we don't have the plate installed

OPEN OFFICE 013 – We need to change one of the outlets on each of the east and west walls from a duplex outlet to a hardwire/whip connection to the furniture systems panel (West wall north-most outlet, East wall 2nd outlet from north wall). Please review with Kline to determine what additional information they will need from the furniture supplier to make this change.
no cost change

CONF 015 - The furniture supplier would like to use a hardwired connection for the conference table into the floor box rather than a plug/outlet connection at the floor box. Can you review with Kline Elect to see if a hardwire connection instead of an outlet would be possible with the current floor box?
Material $98.00
Labor $none since we don't have the plate installed

TOC OFFICE 017 – Need to have a data outlet on the north wall.
Material $22.00
Subcontractor $500.00
Labor $75.00

SIGNAL OFFICE 086 – Need locations for power/data outlets on east and west walls verified.
need more info

labor 1hrs x 75	$75.00
Subcontract fee	$500.00
