

**CITY OF WEST DES MOINES
PLAN AND ZONING COMMISSION COMMUNICATION**

Meeting Date: April 25, 2016

Item: Mill Ridge, Southwest corner of S. 88th Street and Stagecoach Drive – Vacate right-of-way for approximately 1,200 feet of Harper Lane, S 91st Street between Harper Lane and Sugar Creek Drive, and vacate various easements within proposed Mill Ridge development – Hubbell Realty Company – VAC-003027-2016

Requested Action: Approval of a Vacation Requests

Case Advisor: J. Bradley Munford 

Applicant's Request: The applicant, Hubbell Realty Company, represented by Josh Trygstad of Civil Design Advantage, is requesting approval of the vacation of Public Street rights-of-way for those portions of Harper Lane situated east of proposed Radley Street, that portion of S 91st Street located between Harper Lane and Sugar Creek Drive, and vacate sanitary, utility and buffer park easements within proposed Mill Ridge development. The vacation requests are being made as a result of layout changes between that proposed with the Mill Ridge development and that intended when the Tallyn's Reach development was originally planned.

History: This property is located within the Tallyn's Reach PUD (aka Michael's Landing and Woodland Hills). The City Council approved the original rezoning request to establish the PUD on June 19, 2006. Harper Lane, S 91st Street and the various easements were platted as a part of the Corrected Michael's Landing Plat 1. The Preliminary Plat with the revised layout for this ground, Mill Ridge, was approved by the City Council on March 21, 2016. Upon approval of the vacation request, the City's Legal Department will dispose of the right-of-way.

City Council Subcommittee: This item was presented to the Development and Planning City Council Subcommittee on April 18, 2016 as an informational item only. The Subcommittee indicated no disagreement with of the proposed vacations.

Staff Review and Comment: There are no outstanding issues. The vacation request is being made because of a modifications in the layout from the originally platted subdivision. S 91st Street is being shifted east within the Mill Ridge subdivision: new street right-of-way will be dedicated as part of the Final Plat for the property. Harper Lane, which was intended to be a public street that extended to S 88th Street will now terminate at proposed Radley Street. As part of a Comprehensive Plan Amendment approved by the City Council on November 30, 2015, the street classification was reduced from a Minor Collector to a Local Street. With the new subdivision layout the sanitary, utility and buffer park easements are no longer needed. New easements, as necessary will be established as part of the Final Plat for Mill Ridge.

Comprehensive Plan Consistency: The project has been reviewed for consistency with the Comprehensive Plan. Based upon that review, a finding has been made that the proposed project is consistent with the Comprehensive Plan in that the project is consistent with all of the goals and policies of the Comprehensive Plan and the land use map of the Comprehensive Plan.

Staff Recommendations and Conditions of Approval: Based upon the preceding review and a finding of consistency with the Comprehensive Plan, staff recommends the Plan and Zoning Commission adopt a resolution recommending the City Council approve the Vacation Requests to vacate right-of-way for approximately 1,200 feet of Harper Lane situated between proposed Radley Street east to S. 88th Street, S 91st Street between Harper Lane and Sugar Creek Drive, and vacate various easements within the proposed Mill Ridge Plat, subject to the applicant meeting all City Code requirements.

Noticing Information: On April 15, 2016, notice for the April 25, 2016, Plan and Zoning Commission and May 2, 2016, City Council Public Hearings on this project was published in the Des Moines Register. Notice of these public hearings was also mailed to those property owners adjacent to the areas subject to vacation on April 12, 2016.
