Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of West Des Moines. This process recognizes that, when considering the government's ability to issue and repay long-term debt the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

The percentage of an overlapping government's debt that is applicable to City of West Des Moines residents and businesses located within that particular government's jurisdiction is calculated based on the portion of that government's taxable value that lies within the boundaries of the city.
