

**CITY OF WEST DES MOINES
PLAN AND ZONING COMMISSION COMMUNICATION**

Meeting Date: February 11, 2019

Item: Amendment to City Code – Amend Title 9 (Zoning), Chapter 6 (Commercial, Office and Industrial Zoning District), to modify the permitted uses and permitted conditional uses allowed in the Professional Commerce Park and Office zoning districts – City Initiated – AO-004191-2019

Requested Action: Recommend approval of an Amendment to City Code

Case Advisor: Brian Portz, AICP *BP*

Applicant's Request: City of West Des Moines requests an amendment to the following noted chapters and sections of Title 9 (Zoning) to amend regulations pertaining to the permitted uses and permitted conditional uses allowed in the Professional Commerce Park and Office zoning districts.

- Title 9 (Zoning):
 - Chapter 6 (Commercial, Office and Industrial Zoning District) Section 6 (Commercial, Office, and Industrial Use Regulations)

Since it is the City's intent to no longer zone any properties in the City with the Professional Commerce Park (PCP) designation, staff looked at the land uses allowed in Professional Commerce Park to determine if those uses should be allowed in Office zoning districts as well. The matrix included with the amendment does not identify all uses allowed within the Professional Commerce Park and Office Districts, only those that are being amended from what is currently allowed. Staff has included a summary of the use matrix which indicates all uses allowed in these two districts (see attachment B).

City Council Subcommittee: This item was presented to the Development & Planning City Council Subcommittee at their February 4, 2019 meeting, as an informational item only. No discussion was had and no disagreement with the proposal was expressed.

Staff Review and Comment: Staff would summarize the following key points of interest:

- **Heliports:** Staff wanted to clarify that heliports wouldn't be allowed as a standalone use on a property but would only be permitted ancillary to a primary use, such as a hospital or large office complex, for example. Therefore, staff is recommending that the text, "*ancillary to a primary use*" was added in parenthesis to SIC 4522 Heliport/helistop. The ancillary criteria would apply in all zoning districts. A heliport without a primary building or use would be treated as an airport which would only be possible in Open Space zoned property with the approval of the Board of Adjustment.
- **Hotels with or without an event venue:** Since many Office zoning districts in the City are located adjacent to residentially zoned areas, Staff felt it was important to separate hotels/motels from residential areas. Therefore, staff is recommending that hotels/motels (whether they have an event venue or not) not be permitted in Office zones when the property shares a property line with a single family or medium density zoned or utilized property. If a hotel/motel is permitted in an Office or Professional Commerce Park designated area, any event venue within or adjacent to the hotel/motel will require a Permitted Conditional Use Permit.
- **Hospitals:** Staff is proposing to eliminate all of various types of hospital within the Hospitals SIC Code 806 and instead treat them all the same and require a Permitted Conditional Use Permit regardless if they were previously permitted or permitted as a conditional use. See the Use Matrix in the attached Ordinance Amendment for indication of the various types of hospitals previously treated individually. Staff feels that regardless of the type of hospital, the effects of a hospital on the surrounding neighborhood are generally the

same and many types raise concern by neighbors. By requiring a Permitted Conditional Use for hospitals in all districts, in addition to the site plan review, the City will have an extra review process to determine if the site is appropriate and to mitigate any possible adverse impacts by the proposed use.

Noticing Information: On February 1, 2019, notice of the February 11, 2019, Plan and Zoning Commission and February 18, 2019, City Council public hearings for this project was published in the *Des Moines Register*.

Staff Recommendation and Conditions of Approval: Staff recommends the Plan & Zoning Commission approve a resolution recommending to the City Council approval of the amendment to City Code.
