On Item 6(b) Mayor Gaer indicated this was the time and place for a public hearing to consider Jordan Creek Business Park, north side of Village View Drive between South 60th Street and South 64th Street - Amend Comprehensive Plan Land Use Map and Amend the Jordan Creek Business Park Specific Plan Ordinance to Designate and Regulate High Density Residential within Development Parcel C, initiated by Todd Rueter. He asked for the date the notice was published and the City Clerk indicated the notice was published on July 30, 2021 in the Des Moines Register. Mayor Gaer asked if any written comments had been received. The City Clerk stated on a vote of 6-0, with one member absent, the Plan and Zoning Commission recommended City Council approval of the comprehensive plan amendment and specific amendment. Additionally, two correspondences were received and included with the council communication, and one petition was received and placed on the dais this evening.

Lynne Twedt, Development Services Director, reported staff reviewed the petition that was received and, based on the signatures that could be identified, the petition did not meet the criteria needed to require a supermajority vote from the City Council for approval. She explained that the proposed amendments would change these parcels' land use from office to high-density residential apartments. She noted the wetland areas will remain as-is, acting as a buffer for the single-family residential development to the north of these apartments.

Mayor Gaer asked if there were any public comments.

Charla Bruce, 5930 Fairway Court, spoke in opposition to the proposed amendments. She expressed concerns that the homeowners in this neighborhood all made sizable investments in their properties with the understanding that these parcels would be developed as commercial.

August 16, 2021

Scot Stoltenberg, 6122 Kings Way, spoke in opposition to the proposed amendments. He stated he always understood these parcels could be developed as one or two-story office buildings, which would have been acceptable to him; however this change would allow them to be developed as three and four-story apartment buildings, which would be visible from his property during the winter with no tree cover.

Alex Koenen, 6350 Coachlight Drive, #1307, stated he was not aware that residents could sign a petition to require a supermajority vote from the City Council for approval, and he requested that the item be continued to allow additional time to add more signatures to the petition.

City Attorney Dick Scieszinski explained that the Iowa Code states the deadline for petition signatures to be filed is the day and time of the public hearing, so additional signatures could not be accepted.

Mark Lyle, 5870 Fairway Court, provided a list of all the petition signers with their addresses.

Nick Jensen, Caliber Iowa, 720 South 68th Street, provided an overview of this proposed development, which will be named the Reserve at Jordan Creek apartments and include four apartment buildings. He spoke in support of the proposed amendments, stating he believes high-density residential is a suitable fit for these parcels, as it would provide a buffer between the single-family residential to the north and the commercial to the south. He also noted there is a demand for high-quality rental housing with elevators, so this project would help fulfill that need in the community.

Ms. Twedt stated she has reviewed the list provided by Mr. Lyle and confirmed the petition still does not meet the criteria needed to require a supermajority vote from the City Council for approval.

Mayor Gaer asked if there were any public comments; hearing none he declared the public hearing closed.

It was moved by McKinney, second by Trevillyan to adopt Resolution - Approval of Comprehensive Plan Amendment.
