Explanation of significant increases in the budget:

The total city tax rates proposed for FY 2024 (\$10.90) will decrease from the current year (\$10.95). The projected property tax dollars to be levied will increase due to growth of the city and will be used to address the corresponding demand for services.

*Total city tax rate will also include voted general fund levy, debt service levy, and capital improvement reserve levy.

**Budget year effective property tax rate is the rate that would be assessed for these levies if the dollars requested is not changed in the coming budget year
